UKIAH REPUBLICAN-PRESS

MENDOCINO VALLEY SCENES. COUNTY BUILDINGS. MENDOCINO LOGGING AND COAST SCENES.

Vol XXXIV. UKIAH, MENDOCINO COUNTY, CALIFORNIA, MARCH 25, 1910. Number 40

SUPERINTENDENT BABCOCK PRAISED

School Superintendent L. W. Babcock has made good in his office to such an extent that he is now known as one of the leading educators and best school superintendents in the state. As he was endorsed by the Republicans four years ago the party should feel proud that their confidence was not misplaced. The following clipping from the Western Journal of Education shows how he sizes up with the other superintendents of the state in the eyes of an outsider:

This note is addressed to the trustees. In a few months the County Superintendent of Schools will be elected. There is a large body of educational leaders who believe the voters are not competent to elect the best men and women for this office, and that superintendents should be appointed. The charge is that each four years you fail to re-elect failful and competent officials. The trustees of each county represent the intelligent vote of the State. The school district is the unit of the democracy of the people. The State will be on trial this year. If you have a candidate trained in either the University of California or at Stanford he should have a fair show to make a canvass without being required to use any except methods of the highest ethical standards. Neither partisanship or local prejudice should enter into the campaign. The State of California is fortunate in having a competent body of county superintendents. They are doing great work. They are the real leaders for a better citizenship. Superintendents who have made splendid records for efficiency should be relected without opposition. Superintendents like Montgomery of Sonoma, Babcock of Mendocino, Baldwin of San Diego, Stirling of Monterey, Keppel of Los Angeles, White of Solano, White of Shasta, Lehner of Santa Barbara, Davidson of Maria and many others who have made good records for public service should be unanimously elected by non-partisan vote.

HELP THE CENSUS MARSHALS

The coming census is of more than ordinary importance to the people of the state of California as if the population should run over two and a half million, as is predicted, the state will be entitled to five additional congressmen. It should be remembered that the census is being taken for statistical purposes only and that no other branch of the government will have access to the figures secured as everything is being handled as strictly private and confidential. The correctness of the answers to the questions is considered so important that any person who willfully gives false answers may be arrested and fined $100. Keepers of hotels, apartment houses etc when asked to must help the enumerator or are liable to a fine of $500.

M'GOWAN FOR ATTORNEY GENERAL

Attorney Frank McGowan of San Francisco is a candidate for attorney general, seeking the Republican nomination at the coming primaries. Mr. McGowan is well-known throughout the state and especially in Humboldt and Mendocino counties. He served several terms in the legislature from Humboldt county and made a good recorn for himself. In 1898 he was an independent candidate for lieutenant governor and secured over 300 votes in the state convention which was a remarkable showing. His petitions are now being circulated in this city and are being well signed up. J. R. Elder is the special verification deputy for Ukiah.

WILL VISIT IN GERMANY

Miss Katie Held of San Francisco spent a couple of days in this city last week visiting her brother, Attorney W. D. L. Held and family. Miss Held left Tuesday for Germany where she will join her mother and sister and expects to spend several months on the continent. Her sister will return shortly to resume her duties as teacher in the schools of San Francisco.

CHILSONS PLOW A SUCCESS

The last weeks Mountain View Leader contains a very complimentary writeup of the tryout of the Chilson automatic plow. The plow was tried in an orchard there and made a good showing working around the trees perfectly. The Leader says the plow will revolutionize orchard work and that Mr. Chilson has orders enough to keep his factory busy for some time.

SANTA ROSA FIELD DAY TO BE BIG ONE

The field day of the Northwest Sub-League of the A. A. L., successor to the Sonoma-Mendocino Athletic league, will be held in Santa Rosa tomorrow. Fifteen schools will be represented those from this county being Ukiah, Willits Fort Bragg and Mendocino. It is said that this will be the best field day ever held north of San Francisco. Ukiah's atheletes are in fine condition and the team is in better shape than it has been for some time. Fort Bragg has a particularly strong bunch of entries and might be a winner. The excursion will leave Willits at 7:30 and the round trip will be $2. Train will lea e Ukiah at about 8:30 the fare being $1.50.

HUTCHISON ASKS DEMOCRATIC NOMINATION

The announcement of R L Hutchison as a candidate for the office of coroner and public administrator on the democratic ticket appears in another column. Mr Hutchison is well and favorably known throughout the county and is undoubtedly the strongest man the democrats have for the office. He is in the prime of life and active enough to give the duties of the office the necessary personal attention. In addition he is an undertaker and would save the county considerable money in the course of a year in handling bodies, performing autopsies and attending to the other duties of the office. Mr Hutchison is well qualified and should by any chance the office fall to a democrat, which of course is hardly probable, it could not fall into better hands. The office is really a very important one and should be properly attended to, and it is incumbent on the democratic voters to give the matter their personal attention at the August primaries and see that only a live man secures the nomination. It has ceased to be a job for worn out politicians.

WELL LIKED ON THE COAST

The standing of Ralph Byrnes on the coast is amply shown by the following notice which he received in the Beacon (Democratic) regarding his candidacy for the Republican nomination for sheriff: Ralph needs no introduction to coast voters, having lived here the greater part of his life. Probably no young man in the county enjoys a larger acquaintance or is more universally esteemed. Absolutely fearless, yet of a kindly genial disposition, he combines the qualities which make the ablest peace officer. Nothing would deter him from the performance of his duty. He is an industrious, self-made young man of good educational and business qualifications. At present he holds a responsible position with the Albion Lumber Company. If nominated the coast will give him a big vote. He will make a very strong candidate.

SUPERVISOR GILLMORE AGAIN A CANDIDATE

Supervisor Gillmore of the fifty district has announced himself as a candidate for reelection to that flice. During his incumbeny Mr Gillmore has been a faithful official and has been presant at every meeting of the board to look after the interests of the people of his district. He is a member of the financial committee of the board and his vigilence in looking over the bills presented to the board has undoubtedly saved the county many hundreds or dollars. As any man who serves the people he has no doubt been unable to please all of his constituente but as far as seen from this end of the line he has made a good official. His friends believe that he is entitled to a renomination as a testimonial of their appreciation of his services.

MRS TRAMMEL WINS HER SUIT

Mrs. Lizzie A. Trammel, widow of the late Fields Trammel of Potter valley, has been awarded $5000 and the home in Upperlake in her suit against the estate of Green Bartlett. The decision was handed down by Judge Sayre Saturday. Attorneys W. G. Poage and W. D. L. Held of this city were the attorneys for Mrs. Trammel.

THOUSANDS OF HOP ROOTS SHIPPED

Frank C. Albertson is busy this week shipping 400,000 hop roots to the Sacramento valley. As usual the high price of hops will have the effect of increasing the acreage.

EVERYONE FAVORS ROAD WORK

J. H. Barker is circulating tho petition for volunteers to work on the Blue slide grade and it seems that when the date is set by the Auto club that nearly every man in town will be on the job.

WHAT THE CENSUS MARSHAL WILL ASK

The following is a list of questions that will be asked you by the census enumerators when they call on you on April 15. Study them over carefully so that you can answer readily and facilitate the work of the official.

Names of all persons alive on April 15, those born subsequent to that date not included.

Name of each person whose home was with the head of the family on April 15, and whether wife, son, daughter, boarder, servant, etc and sex, color or race.

Age at last birthday prior to April 15.

Whether single, married, widowed or divorced and number of years of present marriage.

Mother of how many children and number now living.

Birthplace of each person also father and mother.

If not born in this county give year of immigration to U. S. and whether naturalized or alien.

Whether able to speak English language or if not what language is spoken.

Trade, profession or particular kind of work engaged in, as employer or employee, whether out of work April 15, and number of weeks employed during 1909.

Whether a survivor of the union or confederate army or navy.

Whether blind in both eyes, deaf and dumb.

TAX COLLECTOR VAN DYKE RETURNS

Tax Collector W. S. Van Dyke returned this week from a visit to the coast where he had been to look after his political fences. He reports that he was well received there and that he received many compliments on the manner in which the work in his office had been performed. The duplicate tax receipts that he has been sending out have proved very popular with the taxpayers and many state that they have been saved a great deal trouble and annoyance by getting them. The duplicate receipt is considered to be one of the greatest improvements introduced in the tax collectors office in years. It is generally conceded that Tax Collector Van Dyke is entitled to a second term and it seems that he will have very little opposition.

FORMER RESIDENT STRIKES MINE

Jeff Dickens is now at Tuolumne and it is reported that he has struck it rich in the mines. An assay from one of his prospects shows $350 a ton in gold. Jeff's friends wish him all kinds of luck and he says that he hopes to return soon with a sack that will make a multimillionaire look like thirty cents.

GOVERNMENT LAND OPENED FOR ENTRY

County Clark Hale McCowen reports that he has received word from the land office that the surveys for fractional townships 16 north, ranges 13 and 14 west and 17 north, ranges 13 and 14 west has been accepted and that the plats will be filed for entry Wednesday, May 4th.

This land lies back of the Reeves mill country and has been settled for a number of years but had never been surveyed until last summer. Some of the settlers have been holding down homesteads there for twenty years. They will now have a chance to get title to their holdings.

REPUBLICANS ATTENTION

All Republicans should register immediately. The last day for registration to vote at the primaries on August 16 is July 27. If you are not registered by that date and have not announced on your registration that you intend to affiliate with the Republican party you will have no choice in naming the candidates to represent the party at the coming election. The intent of the direct primary act is to allow every party man to have the privilege of saying whom he desires shall represent the party at the November election and if you do not register and give your party affiliations you will help defeat the intent of this act. Members of the Republican county central committee are especially urged to see that there is a full registration in their precincts.

W. O. WHITE,
Secretary Republican County Central Committee. 40-tf.

SETTLERS WIN FROM L E WHITE LUMBER CO

Mannon & Mannon received on Monday last a message from Washington D. C. notifying them that the Secretary of the Interior has decided that the homestead applications of the three Adams brothers on Alder Creek shall be allowed. These were test cases in which the validity of certain Forest Reserve scrip laid by the L. E. White Lumber Company on about 400 acres of redwood land was in question. While the full scope of the Secretary's decision is not yet known, it is thought that it is a complete victory for the settlers who were opposing the scrip.

These contests were initiated in July, 1903. The officers of the Oakland Land Office decided in favor of the scrip but their action was reversed on appeal by the Commission of the General Land Office. The Commissioner, however, reversed himself on rehearing but the Secretary of the Interior on appeal from the Commissioners last ruling has finally decided against the scrip. This ends the litigation, so far as the Department of the Interior is concerned.

Associated with Mannon & Mannon for the settlers, was Judge Frank H. S. Short of Fresno. The California attorneys for the L. E. White Company were Campbell, Metson, Drew, Oatman and McKenzie.

This is one of the hardest fought land cases in the history of the county and will mean thousands of dollars to the settlers as the land has greatly enhanced in value since the commencement of the suits. Attorneys Mannon & Mannon are to be congratulated on their success which was due largely to a great deal of hard work and excellent staying qualities.

EXPERIMENTING WITH IRRIGATION

H. D. Melone was down from the Wallace & Melone ranch in Redwood valley Monday. He reports that he and his partner have purchased a nine horse power gasoline engine and will experiment this season by irrigating ten acres of alfalfa. As soon as they find how much water the land will stand and the effect of irrigation in their section they will probably increase the acreage. Mr. Malone is very enthusiastic over artesian water and is advocating that a number of farmers get together and pool enough to put down one well to the necessary depth and prove whether or not there is artesian water available in this section.

SAY MR ADVERTISER

Andy Huff reports having sold his horse and rented his piano through an ad in the Press. Press ads still continue to get results. If you have anything to sell or there is anything you want to buy try a Press ad and let the people of Mendocino county know what you want.

CORSET STEEL SAVED HER LIFE

Miss Maude Orsborn of Comptche undoubtedly owes her life to a corset. According to the Beacon she dropped into a neighbors house one day last week and a 22 rifle which was lying on a table was accidentally discharged. The bullet passed through the fleshy part of her right hand and struck against her corset flattening itself out on one of the steels. The wound in her hand is healing nicely and in a few days she will be a living example of one woman whose life was saved by a corset. Possibly the doctors will say that the exception proves the rule.

GONSALVES MAY BE CANDIDATE

Attorney Louis Gonsalves of Fort Bragg spent several days in town last week attending to legal business. He is being urged by his friends to get into the assembly fight but as yet says that he has not made up his mind. He has made good as an attorney and is well qualified to represent the people of this county in the legislature. Judging from the talk should he decide to ask for the Republican nomination he would have little difficulty in securing it at the August primaries as he is well and favorably known throughout the county. He would undoubtedly prove a strong addition to the ticket.

WILL ADVERTISE MENDOCINO

According to the Beacon $300 has been raised to issue an illustrated folder to advertise Mendocino city. The move is a good one and every town in the county should follow suit.

FIFTY-ONE YEARS OF WEDDED LIFE

Mr and Mrs M Dondero celebrated their fifty-first wedding anniversary last Saturday. They married in Philadelphia and for many years have been residents of this county. Those present at the wedding were the children, Mrs Henry Busch and Mrs A Morey of San Francisco and Mrs A Garaventa of this city, and the grand children, Arthur Morey jr of San Frandisco, George Garaventa and wife, Miss Adele Dondero, Gus Garaventa and E Garaventa of Talmage. Dave Dondero of Lakeport was unable to be present for the celebration but expects to come over during the week and visit his parents. Mr and Mrs Dondero are both enjoying good health and their many friends trust that they may live to celebrate many more wedding anniversarys.

MENDOCINO COUNTY SCHOLARS HONORED

F. C. Clarke was one of the eight initiated into the California Chapter of Alpha Zeta, the techinical agricultural honor society of the University of California recently. Miss Belle Clarke was also recently admitted to the Phi Beta Kappa honor society also of the University of California. They are the children of Mr. and Mrs. J. H. Clarke of Laytonville and both attended the Ukiah high school. Both of these societies are limited in membership and Frank and Belle are the two first members from Mendocino county. The Daily Californian of recent date says, "Miss Belle Clarke has been prominent in the affairs o A. W. S. and of the senior class, of which she was vice-president last term. She registers in the college of letters from Laytonville.

KANSAS MAN ANSWERS PRESS AD

Elder & Ganter, real estate and insurance men, have been testing the various advertising mediums in Ukiah and have discovered, as many others have, that the Republican Press is the paper that brings results. Several weeks ago they placed a small ad in the Press stating that they had a ranch for sale. They received several local inquiries also a letter from a man in Kingsman, Kansas, asking for a description of the place. This shows that Press want ads bring results not only from residents of this county, but with its vast circulation it reaches nearly every city of importance in the United States. Elder & Ganter's ads will appear in these columns from time to time and they are offering some good investments in the way of real estate.

FORESTERS WIVES ENTERTAIN

The wives of the members of Court Sanhedrim of Potter valley entertained last Saturday night in Grangers hall. The feature of the program was the grand march in which every couple wore distinctive hats and this is said to have been the funniest ever seen. Pat Murphy would have secured the prize if there had been any. Mr. and Mrs. Bert Whittaker were awarded the prize as the best waltzers. Parlor games were provided and at midnight a lunch was served. The ladies are said to have set a high mark as entertainers.

JOHN TAYLOR IS RUNNING AGAIN

In this issue will be found the announcement of John Taylor as a candidate for re-election to the office of coroner and public administrator. Mr. Taylor has held the office for several terms and is known to the voters of the county, and needs no recommendation. Although a staunch democrat he has come to the conclusion that to make a matter public it must appear in the Press, hence his announcement.

SPLENDID COWS SHIPPED HERE

Twenty-six head of heifers and a bull were shipped up Monday by A. D. Vera to be taken to the old Mack Howard ranch in Coyote valley. The cattle are of the celebrated Holstein-Friesian strain and were raised near Half Moon bay. Mr. Verra and his partners are stocking the ranch with the finest cows and are preparing to start their cheese factory.

CITY SPORTS CAN REJUVENATE

According to the Examiner of Wednesday Mendocino county is to have a real Muldoons. The resort is to be situated near Calpella and to be under the management of Willie Rogers formerly of San Francisco. There will be no clubhouse and no liquors and the fellow who has broken down his health by city life can ride horseback and recuperate.

PERSONAL MENTING LOCAL HAPPENINGS

George Shinn was down from Potter this week.

Ed Gibson of Covelo passed through town this week.

A. J. Lowell of Westport was in town this week on a business visit.

A. L. Banks of Laughlin and Daisy H. Kidd of Calpella were granted a marriage license Monday.

J. C. Hughes, a prominent resident of Potter valley, spent Friday in town on a business visit.

Mrs. Fowser celebrated her 87th birthday Monday. She is feeling exceptionally well for one of her years.

C. C. Bean and C. L. Bean, prominent residents of Wheelbarrow valley, were down this week on land business.

Tom Johnson, the genial clerk of the Palace, returned this week from a several days visit with friends in San Francisco.

Attorney J. C. Ruddock was a business visitor to San Francisco and while there took depositions in the Flaherty estate case.

J. Heger has moved his tailor shop from the second story of the Brown & Heger building to the small building adjoining.

Attorney J. C. Ruddock was called to Willits Saturday where he represented the town of Willits as city attorney at the meeting of the city trustees.

Sheriff R E Donohoe has been crippling around for several days. He has hurt his foot in some manner but reports that he believes that it is getting better.

J H Mehring received a letter this week from M E Smith in which he says that he is well pleased with Sacramento. He also sends his regards to his Ukiah friends.

Auditor C. W. Mathews was a visitor to Willits last week. Charley has made an ideal official and has friends everywhere who want to see him in the office another term.

The many friends of Len Barnard throughout the county will be pleased to know that he has recovered from his recent illness. He is now able to attend to his business interests again.

A Calaveras evening is the title of a pamphlet issued by Superintendent of Public Instruction Hyatt. It contains the Society upon the Stanislaus by Bret Harte and the Jumping Frog by Mark Twain.

Mrs. M. A. Packard writes from Branscomb that Mrs. D. C. Blair presented her husband with a ten pound girl on the 13th. The young miss is named Una and she and her mother are progressing nicely.

A copy of the pamphlet, The Standard Oil Company by Elbert Hubbard, was received at this office this week. Fra Elbertus succeeds in covering the Standard Oil with whitewash in a very palatable dose.

E. H. Roth was dawn from Willits Monday on a business visit and incidentially took time to shake hands with a number of his friends. He reports a bright outlook for Willits and says that realestate is particularly strong there.

Dr. Allen went to San Francisco Sunday and bought an auto. On his return with the machine the drive shaft broke on the grade near Hopland. The doctor is an enthusiast but thinks that troubles are comming early in the game.

Dr. George McCowen passed the 77th milestone last Friday and is still enjoying good health and is an active man. He presented this office with a two pound spud which he found in his potato patch this week while planting his new crop.

Ray Harrington was taken with a dizzy spell Sunday afternoon and fell on the side walk at Marks' corner cutting his chin and lip badly. He has been under the weather for several days but was thought to be improving, and had got up to take a walk with the idea that the air would do him good.

Judge J. M. Mannon and A. L. Tracy are having cement walks put down in the yards around their residences and are both ready to put down sidewalks as soon as the other residents on Smith street are ready for the improvement. These gentlemen are to be congratulated on their public spirit and should be an example for their neighbors.

Secretary Wilson has just issued an order providing for more liberal treatment of bona fide squatters on government land which has been included in the forest reserve since their occupancy. They will be permitted to apply to have the land listed under the act of June 11, 1906 and are allowed a full 160 acres where possible.

I thought they were the scum of the earth."

"The kind you have in America are. But over here—oh, well, we never can tell."

"I'm much obliged. And I'll keep my eyes well opened. I suppose there's no harm in my going to the shop to look at a lot of rings and knickknacks he has for sale?"

"Not in the least. Confine yourself to knickknacks, that's all."

"Isn't Spantz above suspicion?"

"No one is in my little world. By the way, I am very fond of your father. He is a most excellent gentleman and a splendid shot."

Truxton stared harder than ever. "What's that?"

"I know him quite well. Hunted wild boars with him five years ago in Germany. And your sister! She was a beautiful young girl. They were at Carlsbad at the time. Was she quite well when you last heard?"

"She was," was all that the wondering brother could say.

The baron left the American standing at the head of the steps, gazing

"TAKE MY ADVICE—DO NOT PLAY WITH FIRE," HE SAID.

after his retreating figure with a look of admiration in his eyes.

Truxton fared forth into the streets that night with a greater zest in life than he had ever known before. A man with a limp cigarette between his lips was never far from the side of the American—a man who had stopped to pass the time of day with William Spantz and who from that hour was not to let the young man out of his sight until another relieved him of the task.

[TO BE CONTINUED.]

LOST—Purse containing $10 in gold and $1 in silver, between Dimmick's store and McGimsey's residence. Reward. Finder please leave at this office.

Notice of Street Work.

Resolution of Intention No. 12.

Whereas, the owners of a majority of the frontage of the property fronting on such work have petitioned for the same to be done, now, therefore, be it.

Resolved that it is the intention of the Board of Trustees of the Town of Ukiah City to order the following street work to be done, to-wit: That STATE STREET in said Town from the North line of Stephenson street to the south bank of Gibson Creek and SCHOOL STREET in said Town from the south line of Perkins Street to the North line of Standley street be graded and paved with an asphalt pavement (consisting of a hydraulic concrete base, a binder course and an asphalt wearing surface,) that concrete gutters and concrete curbing (except where such gutters and concrete, basalt or granite curbing are already done to the official grade) be constructed along both lines of the roadway of said streets between said lines, and that concrete bridges across the said gutters and culverts with concrete bases and American Ingot Iron tops be constructed in said streets at the places indicated on the Map, Plans and Specifications hereinafter referred to; all in accordance with the Map, Plans and Specifications therefor adopted by the said Board February 9, 1910,, and now on file in the office of the Clerk of said Town and in the office of the City Engineer of said Town and numbered "Specifications No. 6".

Resolved, further, that the said Board of Trustees of the Town of Ukiah City finds upon estimates of the City Engineer of said Town, that the cost of the above proposed work will be greater than fifty cents per front foot along each line of said State Street and said School street, between said lines, including the cost of intersection work assessable upon said frontage and thereupon determines that serial bonds, bearing interest at the rate of 7 per cent per annum and extending over a period of ten years from their date; shall be issued to represent the cost of the said work and in the manner and form provided by law;

Resolved, further that the "Republican Press" be and it is hereby designated as the weekly newspaper published and circulated in the said Town in which this Resolution of Intention shall be published by two insertions therein and Notice of the Passage of this resolution shall be published by one insertion there in and that the Clerk of this Board be and he is hereby directed to publish this Resolution therein and post the same conspicuously on or near the Chamber door of this Board for two days.

By the Board of Trustees of the Town of Ukiah City passed and adopted this 16th day of March, 1910. The vote on the passage of said resolution was as follows:

Ayes: Brown, Ewert, Miller, Smith, and Carothers.

Noes: None.

Absent: None.

T L CAROTHERS.
President of said Board of Trustees.

Attest:
LEE CUNNINGHAM.
Clerk of said Town.

GUARANTEES QUALITY

Best Meat

Is always found at the City Market. C. P. Smith, the proprietor, has been in the butcher business in Ukiah since 1873 and knows the business from the buying of the cattle to the cutting of the choicest portions for particular customers. The mere fact that he has been in business for 36 years is in itself a guarantee of the quality of meats he handles and that during all these years his customers have received a square deal. Thirty-six years in the business also insures that he knows the men who raise the choicest steers, the fattest hogs and the best sheep and he has standing contracts with them so that no matter what the weather conditions are or what the market prices may be his customers are insured the best meat at a reasonable price. If you have any doubt as to the value of 36 years expierence recall the many butcher shops that have been opened in Ukiah during that time and that have gone out of business for one cause or other. The only one left today under the same management is—

The City Market

Automobiles Overhauled and Repaired

Now is the time to have your automobile overhauled, during the stormy winter months, while it is impossible to run it. Few people care to take their cars out in the rain and mud so instead of storing it away for the winter bring it to our garage and we will overhaul and clean it up so that it will be in fine condition and run like a new car when you get ready to use it next spring. We have the best mechanics, best machinery and the best of everything waiting for you. Why not do as many others have done and bring your car to us.

PERSONAL MENTION LOCAL HAPPENINGS

Lawrence D Wade and Miss Inay Quinliven of Willits were married in Santa Rosa last week.

Miss Nellie Bowen gave a party at her home in Willits last week in honor of Miss Grace Emery of this city who has been her quest for several days.

Mr. and Mrs. Harry McElroy and son Floyd have returned to Willits after spending the winter in Los Angeles. They made the trip in their auto.

Max Haskett holds the winter record for walking between this city and Willits. The Herald says that he made trip last week in five hours.

Lost—Ladies Gold bead necklace Leave at this office and receive reward. 38.

For Rent—Small ranch 3 miles out of town with orchard. Good house and out buildings. Suitable for chicken raising. Will rent til October 1 for $175. Enquire of Roy Pullen barbershop. 40-2t.

Tax Collector W. S. Van Dyke received word from the land office at Oakland this week that after a thorough investigation of the contest against his homestead in Round valley, the case had been recommended dismissed. The contest never had any foundation as Mr. Van Dyke had complied with the law in every respect and it appears quite plain that its only object was that some of his political enemies thought that they could cause him trouble.

N P Howe reports the sale of his ranch in Potter to Charles Hardistry of Lake county. Mr Howe will leave for Berkeley to make his home as soon as he can dispose of his personal property.

Frank Albertson reports that he has bought 40,000 hop roots for C C Donnovan to be shipped to Sacramento valley.

Mrs. C. A. Greene and Mrs. S. L. Rea left yesterday for Petaluma. Mrs. Greene expects to spend the summer there and Mrs. Rea will return in a few days.

Get your fishing tackle from the Cox Hardware company. All the latest in lines, hooks and poles.

FIREBUGS CRIME HAD OUTLAWED

John Murphy who recently gave himself up to Sheriff Donohoe for having burned some barns at Stockton was turned loose as the crime had outlawed and he could not be prosecuted.

Nobody in Mendocino county has been kind or wise enough to help me out of this Wright brother tangle so far, and I feel as though I have to give it up. But there's another new thing just out, and this time it's in the hog line. I got a letter from a man in Canada, who read about those valuable cattle down in California, and he says that California ain't in it by a long shot. He says that he has hogs up there that beat anything that ever walked a slick wire on August 16th. They are no post hole diggers as mine are, but are raised mainly for the different forms of meat they supply for the farmer. I am so much smpressed with these hogs up there that I am going to get sime down to Mendocino county. These hogs, by the way, have eight legs, four hams and four shoulders. When they walk, four of the legs point to the clouds and the other four rub the clods. I didn't believe it at first but in his letter he sent me a photograph of each leg taken separately and that settled all doubt in a hurry. As I said before, four of the legs point up and four point down. The biggest advantage in this explains itself in the following. You know that hog sheds in Canada (and some in Mendocino county) are usually poor in winter during the snow time, and the floors get sopping wet when the water runs in. Well sir, when the mud in these sheds gets so deep that the hogs can't navigate there any more they put the upper legs to work and walk on the ceiling. While they make their home on the ceiling they use the lower legs for ballast to keep themselves from rolling over or falling. In the summer time, he says, these hogs would be great for the farmers down South—there would be no danger of having them killed by lightening. All that is necessary is to put a copper tip on each of the four legs pointing to the sky, and each hog will have four lightning rods for protection. Not the least bit of risk there; and, another thing, the electricity as it passes from the cloud to the hog will so treat the body that there will be no rheumatism among the animals. Packing houses will also pay higher prices for these for these porkers because they can label their products as choice "electric ham" "electric bacon" "electric wurst" etc. You know that everything that's electric goes now-a-days, and if we farmers can get get these "electric" hogs down pat we will all be Rockefellers in the delicious by and by. But the biggest feature about these hogs is that the double running gear brings us twice the amount of ham and bacon in hog killing season, and also another backbone from each hog. Some people will get up and say that this means more work, more hickory wood smoke, more salt, etc., but they are on the wrong road to Richville and I don't pay any attention to them. Then there is a difference in the sausage. This is the peculiar part that is stranger than the funniest. Instead of being round the sausage from these hogs is square. This will save a lot of time at hog killing season and also for the packing houses, as it will be easy to figure out how many square inches of meat it will take to fill so many square inches of casings.

These are all of the features I will out line today, or at least until I get few of these hogs and learn more about them.

HORRORS OF THE ARCTIC.

Terrible Experience of the Crew of the Ill Fated Jeannette.

When Ross in 1818 touched at Etah the Esks thought they were being visited by ghosts. With her white sails appearing on the horizon, where the sky melts into an abyss of ocean, what else could the ship be but some great white winged ghost, and what those strange creatures on her decks but lost souls? They thought she, a great bird, had flown from the moon, where wood was abundant, and when they saw her close, her wooden belly and her masts, they whispered, "How much wood there is in the moon—how very much!" Wood is like gold to the Esks

One of the unhappy crew of the Jeannette writes: "I put some mercury to freeze and beat it out on the anvil. Our frozen brandy looked like black topaz. We divided meat, oil and bread with a hatchet. Joshua forgot to put on his right glove; in a moment his hand was frozen. The poor devil wished to thaw his lifeless hand in warm water. It was immediately covered with pieces of ice. The doctor was forced to cut the unlucky mate's hand off, and he died next day. Toward the middle of January a caravan of Esks came to ask us for some dried fish and brandy. We added a little tobacco to these presents, which they received with tears of joy. The chief, a feeble old man, told us that the week before he had eaten his wife and two sons."

Cold more terrible than the white wolf and bear seizes its victims unawares, instantaneously, fatally. The cold purifies the blood, sharpens appetite, favors digestion and stomach. It soothes to sleep by bringing death in the midst of beautiful dreams. This intense cold, so dry, so pure, stops putrefaction, sweetens the air by greatly increasing its density and purifies water. Cold takes the place of cooking, for it makes raw meat, raw fish and tallow eatable.

A Roman nosed people could not hold their own in the arctic. A Roman nose would be too often frozen off. The Esk flat nose is less exposed. The name Eskimo, or raw food eaters, is a nickname given by the Labrador Indians. Their true name in their own tongue is Inoit and means "man." If patriotism be a virtue the Esks have it surpassingly. Never was a land of verdant groves, golden harvests and willows mirrored in the streamlets and silvery waves better beloved than their snow fields and ice hills and gloomy, stinking tents and igloos.—New York Press.

Family Connection a la Mode.

"Well, yes; we are related in a way."

"By marriage?"

"Yes. My first wife's third husband is married to his wife's second husband's fourth partner in matrimony."—Chicago Record-Herald.

J. R. MATHEWS PHARMACY

For Coughs and Colds

Troubled with a cough? A hard cold, bronchitis, or some chronic lung trouble? There is a medicine made for just these cases—Ayer's Cherry Pectoral. Your doctor knows all about it. Ask him what he thinks of it. No medicine can ever take the place of your doctor. Keep in close touch with him, consult him frequently, trust him fully. No alcohol in this cough medicine. *J. C. Ayer Co., Lowell, Mass.*

Ayer's Pills. Sugar-coated. All vegetable. Act directly on the liver. Gently laxative. Dose, only one pill. Sold for nearly sixty years. Ask your doctor about them.

Our Correspondents

ALBION, Mar. 21.—Heavy fogs prevailed here for the past few days and rain is falling at this writing.

A large crowd attended the Lumber Jack's "hop" given at the local hall on the 19th. The music was furnished by the Fort Bragg orchestra and was exceptionally good. The supper was given by Mr Miller, the Mendocino baker, and I am sure we all did ourselves justice in that event.

Mr Hussey, the former mill boss, and family departed on last weeks Pamo for San Francisco.

Mrs Charles Cook, of Sherwood valley, is visiting relatives in this vicinity.

Mrs Tony Nurnburger underwent a succesful operation at the local hospital a few days since.

Herbert Guptel, who is fireman on the locomotive at Wendling, was here Sunday.

Ed Charron, the sawyer in the mill here will be leaving us sometime in April. It is said that Mr Charron intends to move to Canada.

The smoke wagons are becoming numerous on the roads again. One owned by C Scott of Fort Bragg was stalled for an hour on the Albion grade Sunday; more power was produced however and the automobile made the slippery ascent.

Ed Furlong passed through here Saturday with a pretty, black, six-year old stallion which he said he purchased from Richard Hurley.

Walter Richmond took his departure for Weed, Siskiyou county, Sunday, after a brief stay here.

Fred Melthans who recently joined the navy, writes from the Philippines that he is enjoying himself immensely.

James C Hurley has been appointed census marshall for this district.

A slight earthquake shock was felt here about 4 p m, Friday 18th, some maintain however that it was only a feeling of nervousness on our part. MERCURY.

WILLITS, March 23—During the past week we have had heavy rains; which has been a great thing for the country; and means much to the farmers and stock men.

B. N. Springer of Potter Valley, has opened a garage, in the building formerly occupied by George Richardson, and last week moved his family over from Potter Valley to locate here.

Harry McElroy and family returned last week from Los Angeles, where they have been spending the winter. They made the tour in their automobile.

Mrs. A. J. Smith, returned last week from Oakland.

Mrs. J. W. Long returned last Monday from a visit to her mother and sisters in Anderson valley.

Miss Margaret Bruce, of Martinez, left for her home last Friday after spending the winter with her sister, Mrs. Chas. Guslander.

The 3 year old son of M. Finley, who has been ill for some time, with pleurs-

With the Churches

EASTER AT THE BAPTIST CHURCH

Easter will be a big day at the Baptist church as it will be the reopening of the auditorium after having been in the hands of the decorators for several weeks. A special musical program has been prepared and Dr. A. W. Rider of Oakland will preach. Following is the program for the evening: Prelude, Selected; "Why Seek Ye the Living," Wirtz, quartet; Scripture Reading; Hymn, Congregation; Prayer; "Adore and be Still," Shubert, Miss Joseph; Announcements and offering; "In the End of the Sabbath," Lansing, quartet; "Prologue from Lohengrin," (piano) Wagner, Mr. Rothchild; Address by L. Avalon Brown; "Glory to Thee, My God," Gounhd, Miss Joseph; Benediction.

ST JOHNS M E CHURCH NOTICE

Services befitting the happy "Eastertide" will be conducted both morning and evening. The church will be beautifully decorated, and there will be several selections by the male quartett. The pastor will preach on the "Laymen's Missionary Movement" which is said to have the greatest significance of any movement in the evangelical churches in a hundred years. The Sunday school Easter excercises will be held in the evening, consisting of songs recitations, etc by the classes. All are cordially invited.

CHRISTIAN CHURCH NOTICE

Ukiah Commandery Knights Templar will worship with this church. They will be in uniform and attend in a body at 11 a m. Sojourning Sir Knights and Ladies Master Masons and the public generally are cordially invited. Rev. Teel will preach at 7:30 p m: Christian Endeavor will be held at 6:30 p m. Sunrise Prayer meeting at 6 a m.

pneumonia, is reported to be very low.

Miss Ida Alexander, National W. C. T. U. organizer came up from Cloverdale on Tuesday's train, and gave an address to the local union in the afternoon. She will also address a mass meeting in Odd Fellows' hall, Friday evening.

The revival meetings conducted by Evangelist H. D. Kennedy and wife, still continue in interest.

BIG CELEBRATION FOR PETALUMA

Canton Petaluma, Patriarchs Militant, I. O. O. F. are preparing to celebrate the 4th of July in a fitting manner. There will be a three days celebration and all Odd Fellows and their families are asked to participate.

THE WEATHER REPORT

Dr George McCowen reports the weather for the week as follows: max temp 70, min 30, rainfall .30, rainfall for season 28.38 inches, this date last season 56.29.

POULTRY SUCCESS

means the feeding of the required foods for **health** and **egg production.** After a careful investigation of the merits of the goods, I have accepted the agency for

CROLEY'S CELEBRATED POULTRY FOODS and SUPPLIES.

Some of which are the following:

Dry Mixed Infant Chich Food

J. W. EVERSOLE

News Snapshots Of the Week

The house naval subcommittee decided not to reward Peary until he furnished further proof that he found the pole. P. C. Knox, Jr., son of the secretary of state, eloped. Former Senator Platt of New York died. Jacob H. Schiff's prediction of a great commercial struggle between Japan and America resulted in much comment. The cutting up of Jere F. Lillis, Kansas City banker, in the home of John P. Cudahy, millionaire, caused a sensation. Mrs. Cudahy denied stories connecting her with Lillis. A national strike growing out of the Philadelphia struggle and led by Samuel Gompers was predicted. Mayor Reyburn was hanged in effigy in Philadelphia. The first regular passenger air line, on the Parseval balloon, will soon be established in Germany.

The refusal of many of the public school teachers at Passaic, N. J., to contribute to the teachers relief fund recently established by the Board of Education, is making trouble for the board. Under the provisions of the fund teachers who have served for twenty years are entitled to retire on a pension. To maintain this fund, reductions of about 2 per cent are made from all of the teacher's salaries. The enforced contribution is objected to by the young women teachers on the ground that they will not derive any personal benefit from the fund as they expect to be married and have no idea of continuing to teach for twenty years.

The first official statement of the value of the estate of the late Calvin Paige, capitalist of San Francisco and New York, who died at the latter place March 16, 1909, was filed in the probate department of the Superior court last Friday with an order signed by Judge J. V Coffey, directing a partial distribution to heirs. The property in this state is valued at $1,698,333 and in New York $6,850,000, making a total of $8,548,333.

Half a million dollars, a record high price for a painting, has been paid for the celebrated portrait of Franz Hal, the Dutch painter, and his family, painted by himself. The purchaser was Otto Kahn, a banker, of New York, who secured the portrait from the Daveen brothers. J. P. Morgan bid between $350,000 and $400,000 for the picture.

The steamship Seward has sailed from Seattle for Cordovan, Alaska, with 35,000 tons of steel for the Copper River railroad, completion of which is to be rushed. In the cargo is the famous bridge which will span Copper River diagonally between the great Miles and Childs glaciers, which terminates on opposite sides of the river and which seemed at first to present an unsurmountable barrier to the construction of a railroad up the river. The bridge builders are already for the steel, having erected the falsework on the ice that covers the stream. After the steel is in place the spring thaw will carry the ice with the falsework out to sea.

Three weeks ago W. E. D. Stokes, a philanthropist, dropped in at an art sale in down town New York and picked up for a few dollars a dingy old canvas that struck his fancy. He had done the same thing many times before but in this particular instance he proved luckier than usual for the experts who have been engaged in the restoration of the portrait have just reported that beneath the dust and grime of many years careless handling there stands revealed an undoubted Tittian, which they declare is worth in the neighborhood of $50,000.

According to observations made at Mount Hamilton by Professors Campbell and Curtis, Halley's comet should be visible to the naked eye on the morning of April 5th. Professor Campbell has been observing the comet steadily since its first appearance in September last. In this time the comet has traveled 220,000 miles toward the sun, and is now about 80,000,000 miles disbant from it. The length of the tail is estimated at 11,000,000 miles. On April 8th the comet will rise an hour and four minutes before sunrise and should be visible to the naked eye shortly afterward. On May 18th it will pass directly between the sun and the earth at a distance of 14,000,000 miles from the latter. This is a rare occurance and will take place between 6:22 and 7:22 o'clock in the evening, Pacific coast time. The earth will pass through the tail of the comet on that day on account of our distance from the passing body no disasterous effects can possibly result.

Theodore Roosevelt will sail for New York on the steamer Kaiserin Auguste Victoria on June 10th. This is according to his latest plan, and it will bring him into that port on Friday, June 17th.

A crisis has been reached in the controversy between the railroads and the Brotherhood of Locomotive Firemen, and hope of securing a peaceful adjustment practically has been abandoned. The negotiations will be definately terminated the first of next week and both sides are determined to fight it out to a finish.

John C. Maybray and thirteen of his associates, who for ten days have been on trial in the United States District court charged with illegal use of the mails, were found guilty Monday. They will be sentenced next Monday morning at 10 o'clock.

John D. Rockefeller attended church last Sunday for the first time after the announcement of his gigantic Rockefeller Foundation plan. He arrived at church after the services had begun and a personal bodyguard remained near him while he was in church. Several strangers present inquired for him and said they had suggestions to make as to how he could distribute his wealth to the best advantage but none of them were granted an interview.

One man was shot and several others were seriously injured and considerable property was damaged in a fight Sunday at Cleveland, Ohio, between several hundred striking garment makers and their sympathizers and a party of strikebreakers.

Forty present and former members of the select and common councils of Philadelphia are under indictment on a charge bribery and ten more, with suspended sentences, are held upon their confession of sharing tn a pool of $102,000 to influence the votes of the municipal bodies. This was the result of the first day's probe of the grand jury following the sensational confession of Captain John Klein, former member of the councils.

Speaker Cannon is reported to have offered $5000 to charity if the house ousts him from the speakership. This statement of the speaker was made among a party of his very closest friends who were discussing the situation which has resulted from his defeat on Saturday.

The last edition of the Panama Canal Record shows that more material was taken out of the Culebra cut last month than any other February since the ground was first broken for the canal. The total was 1,259,413 cubic yards and the daily average was 54,757.

It is now a misdemeanor for any woman to wear a long hatpin in public places in Chicago. Any person caught wearing one is liable to arrest and a fine of $50. The city council, by a vote of 68 to 2, passed the anti-hatpin ordinance. It was passed in spite of the hisses from the galleries, where a crowd of women had gathered to protest against the measure on the ground that the city had no right to attempt to regulate the women's wearing apparel and that long hat pins often formed women's only weapon of defense.

Forty-five persons were killed and forty were injured, many of them fatally, in a wreck of the Chicago, Rock Islantd and Pacific train near Green Mountain, Iowa, at 8:15 Monday evening. The train which was a consolidation of No. 19 from Chicago and No 21 from St. Louis, bound for Minneapolis was being detoured over the tracks of the Chicago Great Western road. Running at about thirty miles an hour in a cut north of Green Mountain, it struck a spread rail. The pilot locomotive jumped the track and with terrific force was buried in an embankment of soft clay. A second locomotive coupled behind the first rolled over and the sudden stop hurled all the rear cars forward. A coach, a smoker and a pullman car were smashed to splinters, almost all of the occupants being killed.

That $25,000 has already been subscribed by fewer than twenty-five individuals for the purpose of carrying on a campaign of advertising to secure a movement of settlers to the Sacramento valley was announced in a report submitted to the executive committee of the Sacramento Valley Improvement Association by W. A. Beard, acting as the Association's special agent. It is proposed to raise a fund of not less than $50,000 a year.

One blast of the Standard mine near Downieville last week brought between $5000 and $6000 worth of gold. Many specimens were almost of pure gold and when worked in a hand mortor they actually flattened out. This is the greatest strike made in any mine in Sierra county, excepting that in the famous Tightner mine at Alleghany, some time ago.

By a unanimous vote, the representatives of over fifty cities and nearly every county in California assembled in convention at Santa Barbara Monday and declared themselves in favor of an international exposition to be held at San Francisco in 1915 to celebrate the opening of the Panama canal. Generous terms of compromise were offered to San Diego in a telegram sent by the Los Angeles delegates, but San Diego refused to compromise, and found herself isolated by the vote, in which the state expressed its determination to make the Panama-Pacific Exposition, to be held in San Francisco such a success as shall redound to the credit and advantage of the whole state and the Pacific coast.

Simultaneously with the grand jury's indictment against the so-called beef trust, cattle on the hoof at the stockyards in Chicago advanced 15 cents a hundred pounds, and some of the dressed meats a surprising exhibit at high jumping. The sharpest advance was for mutton cuts, to the price of which was added 1 to 3 1-2 cents a pound. This increase brings mutton to 18 1-2 cents a pound, legs and joints 16 cents and cuts for stewing 10 1-2 cents.

In order to fight the "chain drug stores" an application was filed in Albany Monday by the American Druggists' syndicate for a charter to incorporate a subsidiary company under the laws of New York state. The new company will be known as the American Drug Stores company, and the enegeries of the organization will be devoted to fighting cut rate stores all over the country.

The city of Washington has waken up to the fact that Gifford Pinchot, whom President Taft recently removed from the position of chief forester of the United States, is on the steamer President Grant on his way to meet former President Roosevelt, probably at Naples. Pinchot is due at Hamburg Monday; Colonel Roosevelt is to arrive at Naples the following Saturday: The widely current rumor is that Pinchot goes to meet the returning traveler in compliance with a summons received by cable Friday.

A second aviation meeting on a larger scale than that of last year will be held at the Bethany aviation field at Rheims, France, from July 3 to July 10th. Forty thousand dollars in prizes will be offered.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent *free* on receipt of 21 one-cent stamps to cover cost of mailing *only*; or, in cloth binding for 31 stamps.

Address Dr. R. V. Pierce, Buffalo, N. Y.
